

Aka-Brief Mounting Resin Recommendation

#1 Brass								
#2 Ceramic Capacitors								
#3 Pure Titanium								
#4 Aluminium Alloys								
#5 Plasma Spray Coated Parts	*	*						
#6 Coated Sintered Carbides	*	*						
#7 Stainless and Duplex Steels								
#8 Titanium Alloys								
#9 Carbon Composites	*	*						
#10 Soft Materials								
#11 Medium Hard Materials								
#12 Hard Materials								
#13 Electronic Components	*	*						
#14 Cast Iron								
#15 Zinc Coated Steel	*	*						
#16 Medium Soft Materials								
#17 Nitrided Steel								
#18 Surface Hardened Steel								
#19 Superalloys with Diffusion Coatings	*	*						
#20 Superalloys								
Mounting Resin	Liquid Epoxy Slow/Slow-2	Liquid Epoxy Quick	Aka-Clear-2	Aka-Resin Epoxy	Aka-Resin Melamine	Aka-Resin Acrylic	Aka-Resin Phenolic SEM	Aka-Resin Phenolic
Mounting Type	Cold Mounting			Hot Mounting				

* Vacuum impregnation recommended
